Re Official Information Request for Electrical Switch Room Information

I refer to your official information request dated 26 November 2021 for the following information

1. Please advise how many of your electrical switch rooms have fire suppression systems
2. If there is a fire suppression system what type of system, e.g. water sprinklers, gas flood, or other system ?
3. If nothing, then NIL.

The information you have requested is detailed below

1. Please advise how many of your electrical switch rooms have fire suppression systems
2. If there is a fire suppression system what type of system, e.g. water sprinklers, gas flood, or other system ?
3. If nothing, then NIL.

The list below details all our electrical switch rooms. The areas below are normally unoccupied and accessed for only maintenance. Provision of fire separations, fire alarm and suppression (when applicable) are mostly to facilitate safe evacuation of occupants and/or added as supplementary detection prescribed by the Auckland DHB.

<u>Auckland City Hospital</u>		
<u>Substation A</u>		
Transformer room	Smoke/heat detection	Extinguisher
Switchgear room	Smoke/heat detection	Extinguisher
