Get your free booster at the Cloud

The Cloud | Queens Wharf
Mon – Fri | 11am – 6:30pm
Sat – Sun | 9am-4:30pm

Get your free COVID-19 booster dose

A booster dose is recommended after 3 months

Your first two doses of the COVID-19 vaccine will continue to help protect you from getting seriously ill, being hospitalised and possibly dying.

A booster dose increases your protection from COVID-19, including the Omicron variant, and reduces the likelihood of passing the virus on to others.

If you got your second dose more than 3 months ago and you're aged 18 and over, it's time to get your booster dose

Your GP or local pharmacy may be vaccinating – see www.vaccinateforauckland.nz for locations and booking requirements.

To make a booking, visit BookMyVaccine.nz
or call 0800 28 29 26.

Boost your immunity

Had your second COVID-19 vaccination
more than 3 months ago?

You can get your booster dose here.
